Senior School – Boys Shoes

Westbourne School understands that there is an enormous range of school shoes available for boys.

Therefore, the decision has been made to update the school's uniform policy in order to remove as much ambiguity as possible when it comes to purchasing new shoes.

The new policy shown below is contained within the Parent Handbook, as are the attached images for additional guidance.

If your child's shoes currently do not comply with the updated policy there will be no sanction at this time. However, please consider this information when it comes time to purchase new shoes.

As our girls were notified last term we would envisage giving boys a similar length of time, therefore we expect all boys to be compliant by the start of next term.

We will also encourage our boys to change into training shoes at break times if they want to play football, that way they should be able to look smart throughout the whole day.

Flat black leather shoes of formal appearance are preferred. Specifically NOT leather plimsolls, trainers or Converse style shoes. Please see photos on the Parent Portal
